

TSI Group adopts new Corporate Name

July 25, 2005
Mississauga, Ontario

TRANSPOR SEARCH INC., the leading Canadian professional services firm specializing in the Supply Chain Management, Logistics, and Transportation sectors, which has operated under the business name **TSI Group**, has changed its legal, corporate name to **TSI Group Inc.**

The company began, more than fifteen years ago, as a search and recruitment firm primarily serving the needs of the transportation and logistics sectors. The firm has continued to expand its service offerings and now has three practice groups: Executive Search and Staffing, Management Advisory Services (including mergers and acquisitions intermediary and advisory services), and Corporate Training and Development.

"Our official corporate name no longer represented who we are," Ms. Pamela Ruebusch, TSI Group's Chief Executive Officer and founding partner noted. "Since we are known to all of our clients as TSI Group, we just thought it made perfect sense to change our legal name," Ms. Ruebusch added.

TSI Group is based in Mississauga, Ontario with affiliates in Vancouver, Calgary, Winnipeg, and Montreal. The firm also has international affiliates in the United States, United Kingdom, and France.
